

**Cutting Edge Designs**

Our rangehoods are not only built to effectively capture and eliminate cooking odours, they are created with elegance and flare to visually enhance your style of kitchen. Baumatic offers a wide range of hoods including Island Canopies, Wall Canopies, Fixed and Slide-out rangehoods. Our assortments of rangehoods are also available in a variety of dimensions, designed with you and your kitchen in mind.

**LCD Display and Electronic Controls**

Some of our Bauamtic rangehoods feature stylish LCD displays and electronic controls with back lit speed control, clock and auto off time. The auto off timer function allows your rangehood to run for an additional 12 minutes after you have finished cooking, extracting any remaining odours and switching itself off without you needing to return to the kitchen.

**Lighting**

Bauamtic rangehoods offer a variety of lighting options to suit all preferences. Selected models include halogen lights which produce a sharp, bright light to ensure a safe working environment. Also available are LED lights on our selected Baumatic rangehood models. LED lighting is renowned as a superior light source that offers lower energy consumption, longer lifetime and greater reliability.

**Extraction or Recirculating**

All Baumatic Rangehoods are ready to operate as a ducted appliance. Baumatic highly recommends this type of installation for the most effective operation of your Baumatic rangehood. If for some reason you cannot duct your hood to atmosphere, a carbon filter/s can be purchased to fit to your hood, which will help eliminate odours and thus allow you to recirculate the air back into the kitchen.

GEH6018

60 cm Slideout Rangehood

Stainless steel rail with white underside
 Twin centrifugal motors
 440 m³/hr drawing capacity
 3 speed slide control
 Twin incandescent lighting
 2 framed metallic grease filters
 Carbon filter GECF0107 available

GEH75U

75cm Undermount Rangehood

Stainless steel finish
 Single tangential motor
 Maximum drawing capacity 600m³/hr
 3 speed fan control
 Mechanical push button operation
 Twin halogen lighting
 Twin aluminium grease filter

GEH6019

60 cm Slideout Rangehood

Stainless steel rail with white underside
 Single tangential motor
 700 m³/hr drawing capacity
 3 speed electronic control
 Twin round halogen lighting
 2 framed metallic grease filters
 Carbon filter GECF0108 available

BAH60

60 cm 3 Flare Wall Canopy

Stainless steel finish
 Twin 20 watt halogen lighting
 Twin framed metallic grease filters
 Single tangential motor
 500 m³/hr capacity air extraction
 3 speed power levels
 Push button control operation
 Flue extension GEFE1202 available
 Carbon filter GECF0108 available

GEH9033

90 cm Slideout Rangehood

Stainless steel rail with black underside
 Single centrifugal motor
 385 m³/hr drawing capacity
 2 speed slide control
 Twin round halogen lighting
 1 framed metallic grease filter

BAH90

90 cm 3 Flare Wall Canopy

Stainless steel finish
 Twin 20 watt halogen lighting
 Triple framed metallic grease filters
 Single tangential motor
 700 m³/hr capacity air extraction
 3 speed power levels
 Push button control operation
 Flue extension GEFE1202 available
 Carbon filter GECF0108 available
